

## Large Interactive Holographic 3D Displays Projection System 110V 350cd

Our Product Introduction

### Basic Information

- Brand Name: Yeoan or OEM
- Model Number: YD-36019
- Minimum Order Quantity: 1
- Price: negotiate
- Packaging Details: Aviation aluminum box
- Delivery Time: 30days
- Payment Terms: L/C, T/T

### Product Specification

- Panel Size: 19"
- Imaging Area(cm): 37\*30cm
- Resolution: 1280x1024
- Input Voltage: AC110-240V(50Hz-60Hz)
- Pyramid Material: Holographic Glass
- Brightness: 350cd
- Viewing Angle: 360
- Application Place: Indoor
- Highlight: **110V Holographic 3D Displays ,  
350cd Holographic 3D Displays ,  
350cd interactive hologram display**

## Product Description

Holographic display cabinet is a new technology of three-dimensional imaging suspended in the air, also known as three-dimensional phantom imaging. Holographic technology is used in combination when setting up holographic display cabinets. It displays products in the same space in real time by superimposing real-life modeling and virtual images. It is vivid, unpredictable, realistic, and has dazzling three-dimensional special effects. It can be viewed in 360 degrees, and can achieve a fake-real effect. There is no need to bring the product to the exhibition, and it can attract people's attention through colorful and vivid images.

Flexible size, high imaging clarity, the maximum imaging area can be about 4 meters, and the minimum can be 20 to 30 centimeters, which is equivalent to the size of an ordinary mobile phone. It can be selected according to the different needs of customers;

Easy to install, the system cabinet system and structure can be adjusted according to the existing building space structure, which is conducive to permanent preservation and use in various building spaces;

Novel form, compared with traditional 3D display technology, holographic imaging technology does not require wearing polarized glasses, and can display 360° multi-angle viewing angles, which is convenient for viewers to browse;

Diverse content, digital content can be replaced at any time according to requirements, and professional technology is skilled; Cost saving, can control costs to the maximum extent, while ensuring quality and enabling products to be used for a long time

model	YD-36019	YD-36017F	YD-36019F	YD-36027F
application	indoor			
Panel size	9"	17"	19"	27"
Imaging surface	Four sides			
Perspective	360°			
External dimensions (cm)	41x41x24	100x100x58	120x120x65	150x150x90
Imaging area(cm)	15x12	34.5x26	37x30	60x33
Resolution	1280x1024	1280x1024	1280x1024	1920x1080
brightness	350cd	350cd	350cd	350cd
Input voltage	AC110-240V(50Hz-60Hz)			
Appearance and structure	Sheet Metal			
Pyramid material	Holographic glass			
Power consumption	28W	120W	220W	220W
Video Format	Support MPG, MPG1, MPG2, MP4, AVI, WMV, RMVB, FLV and other formats			
language	Chinese, English and other languages			
Input Interface	USB/VGA		USB/VGA/HDMI	
Operating temperature	0°C 50°C			
Built-in speakers	2Wx2	5Wx2	5Wx2	5Wx2
Product weight(KG)	12	45	65	105
Packing weight(KG)	22	75	95	150
Packaging Material	Aviation aluminum box	Wooden box		
Packing size(cm)	48x48x35	125x125x80	135x135x85	165x165x105
Warranty	1 year for the whole machine			
appendix	Remote control x1, key x2, power cord x1, manual x1, certificate x1			
Note:	Other sizes can be customized
