Product Description

Perfect for engaging at-home learning, immersive movie watching and more, offers Best-in-Class Color Brightness to deliver crisp, colorful images in virtually any lighting environment—even during the daytime. Sleek and compact, this portable projector can be easily carried in bags and backpacks for easy viewing virtually anywhere. It features a powerful, high-quality speaker system for a truly amazing viewing experience.

Highlights:
Native Pixels: 1920*1080P Auto Focus Auto Keystone & G-sensor Correction
The center brightness is 350A NSI lumens, even in the daytime, the viewing is clear and not white.
The projection size can reach up to 180 inches,adjustable from 50 inches to 180 inches.
With 30% Offset Function The projector with off-axis function is placed more freely.
Tablet computers, bluetooth headsets, mobile phones, USB flash drives, game consoles, etc, both can be connected to the projector.

LED Light, Longer Usage Time
The projector uses a high-quality LED light source with strict quality control,
and the life of the light source is longer than that of traditional bulb projectors.
Intelligent Screen Alignment
Intelligent screen detection to automatically match your screen size with the
size of the projected image
